

Memo/Reply From  
JOSHUA LEDERBERG

TO: Dr. Paul Gross  
MBL  
4/11/71

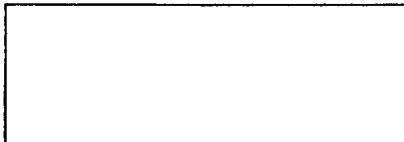

Florrie N - D - etc.

I was really pleased at our meeting and how this is shaping up. I am particularly pleased that you share the positive view of the intrinsic importance of the program, and of its importance for the future of the MBL (and of American Biology!)

My special thanks to Nova for her hospitality! I hope we can reciprocate sometime, in N.Y.

Sincerely,

*J. Lederberg*
